THE NEWS

# THE GRACE HOPPER CELEBRATION HAS BEEN CANCELED. BIG STAGES ARE SHRINKING.

# OUR NEED FOR COMMUNITY, MENTORS AND ACCESS IS NOT.

WHY THIS HITS HOME

# Eight years ago, I attended as a *scholar.*

That experience changed the trajectory of my life. The relationships I built, the mentors I met and the opportunities that followed shaped the leader I am today.

# CONFERENCES ARE CATALYSTS

They are not just events. They spark careers, confidence, community and innovation, often in one conversation.

02

# KEEP THE ROOMS OPEN

Organizations that create access and leadership opportunities are facing real headwinds, ATHENA International included. Showing up is how they stay alive.

03

# WE NEED THESE SPACES MORE THAN EVER

In a time of division, uncertainty and environmental challenges, gathering with purpose is an act of leadership.

04

# PAY IT FORWARD

If a mentor, a scholarship or someone who believed in you changed your path, help keep those pathways alive for others.
