ATHENA's Eight Leadership Principles

The core principles of the ATHENA Leadership Model™

LIVE AUTHENTICALLY & LEARN CONSTANTLY

Focus on how ATHENA leaders continually seek to understand and develop themselves.

LIVE AUTHENTICALLY

Leaders know their values and remain true to them.

Being true to yourself. Having an inner clarity centered in core beliefs, grounded in ethics and honed through reflection. A sense of purpose pursued with integrity. Authenticity is the single most important quality of leadership.

LEARN CONSTANTLY

Leaders seek knowledge.

Continuous development of skills and competencies, regardless of your level of achievement. Understanding built on experience, intuition and self-directed learning. The art of listening; the ability to learn from role models, negative as well as positive.

BUILD RELATIONSHIPS & FOSTER COLLABORATION

Focus on how ATHENA leaders embrace and encourage others.

BUILD RELATIONSHIPS

Leaders engage, empower and entrust.

Connecting genuinely with yourself and those around you. A willingness to bond with others, profoundly and productively, with trust and respect; to reach beyond status and self-interest in search of meaningful connections.

FOSTER COLLABORATION

Leaders welcome others to the work of leadership.

Valuing the gifts each individual brings, with a perspective that is global and a spirit that is inclusive. Deepening understanding, awareness and knowledge through diversity. Encouraging participation from those who are often overlooked.

ACT COURAGEOUSLY & ADVOCATE FIERCELY

Align with how ATHENA leaders live out their convictions.

ACT COURAGEOUSLY

Leaders dare.

The willingness to stand alone, speak the truth, question assumptions or challenge the status quo. The determination to act honorably, consistent with your values, even in the face of fear or loss.

ADVOCATE FIERCELY

Leaders champion what they believe is right.

Passionate, personal devotion to something that deeply matters. Tempered by respect and compassion, advocates strive to be a powerful force for good.

GIVE BACK & CELEBRATE

Demonstrate how ATHENA leaders contribute to their communities and memorialize shared experiences.

GIVE BACK

Leaders serve.

Leaving a worthy legacy for your community and the world. Recognizing that with success comes a responsibility to enrich the lives of others. Generously devoting voice, position and resources to advance the greater good.

CELEBRATE

Leaders remember and rejoice.

The age-old practice of gathering to mark important times. Strengthening bonds of unity through creative expression, rituals and traditions. Memorializing moments, triumphant or tragic; sharing joyful or solemn reflection.
